SuRi

The 208’ (63.39m) SURI is a substantial luxury adventure yacht featuring many more amenities and volume than the average explorer yacht of her length and type. SURI has expansive deck spaces and a voluminous interior styled to nautical perfection. With generous accommodations for 15 guests in 7 staterooms, she is contemporarily styled to please.

On the inside, SURI is special. She features a large media room with views to the sea below through floor windows, as well as a “glass house”, which can be fully closed off and climate controlled, or opened to become a large outdoor deck. The yacht also includes a massage room and beauty salon for those seeking the ultimate in self-care and wellness. Neutral tones ensure she pleases most design tastes, and an abundance of natural light through vast windows bring the outside, in.

Exterior decks feature an abundance of lounging areas including built-in sofas, lounge chairs, and sunpads. Al fresco dining is optionally covered by a large, removable awning on the sun deck. A vast helideck can double as a dance floor or an entertainment area, while her expansive hangar deck houses her toys, which include kayaks, a speed boat, motorcycles, a hovercraft, hybrid bicycles, and more
